INTERN EXPERIENCE

Web Development Intern

White And Box – Tech Products & Services

06/2025 – 09/2025

Bengaluru, India

- Assisted in building and maintaining responsive web applications.
- Supported UI development, debugging, and cross-team collaboration.

PROJECTS

Intelligent API Gateway with Real Time Monitoring System

01/2026 – 05/2026

- Developed a full-stack e-commerce platform where users can browse products, add to cart, apply coupons, and place orders with Razorpay payment — all requests secured through an intelligent API gateway.
- Built a **live monitoring dashboard** that shows every incoming request, blocked threat, and system health across all 5 services in real time — deployed and publicly accessible with 99%+ uptime
- Implemented **Redis-based rate limiting** that tracks each user's request count and risk score, automatically throttling suspicious IPs without blocking legitimate shoppers

Hotel Internal Staff Management System

07/2025 – 10/2025

- Developed a full-stack web application to manage staff attendance, task allocation, and shift scheduling.
- Built responsive front-end interfaces using HTML, CSS, and JavaScript.
- Implemented backend logic with PHP and MySQL, including authentication and role-based access control.
- Created and managed databases for staff records, shifts, and operational reports.
